

Entergy

and the employees of the

Indian Point Energy Center

invite you to a public information meeting
on the recently reported
Independent Safety Evaluation (ISE).

Attendees will have an opportunity to meet
with corporate and plant officials on their
response to the report produced by the
Independent Safety Evaluation Panel.

The ISE concluded that Indian Point is a safe and
secure facility. They did make recommendations,
however, that Entergy officials would like
to discuss with the public.
