

NEW YORK BUSINESS DEPENDS ON OUR POSITIVE ENERGY

Can a New York business owner feel positive about nuclear energy? Yes. Because there's a lot of positive energy at the Indian Point Energy Center.

By providing a total economic impact of over \$800 million to New York State, Indian Point is a major financial engine which produces low-cost electricity for millions of homeowners and thousands of small- to mid-size businesses – as well as major corporations – virtually free of the greenhouse gases that cause global warming.

Businesses and the environment thrive on our positive energy. For more of it, visit our website at www.rightfornewyork.com
